

The Saints Academy Student Referral Program

Dear Saints Academy Parents:

The Saints Academy is pleased to announce an incentive program for current Saints Academy families referring our school to new families. We have some space available next year to welcome and accept new students to our Saints Academy community.

Here's how the Student Referral Program works:

- Any family with students currently attending The Saints Academy who refer a "new" family with one or more children for the 2022-2023 school year in Kindergarten through 8th grade are eligible to receive a \$1,000.00 incentive on their tuition. This incentive is per referred family.
- In order to qualify for the referral discount, the new student(s) must be accepted and enrolled by August 26, 2022 for the 2022-2023 school year.
- The "new" family must provide The Saints Academy with your name as the referring family upon submitting the application to SA. There is a place on the application form for the new family to write in your name. We cannot accept verbal referrals, only written referrals.
- In order for the referral discount to be paid to the referring Saints Academy family, all 2022-2023 school year tuition payments must be paid thru February 2023 for the newly enrolled student, in accordance with their tuition contract.
- A check for the appropriate amount will be issued in March of 2023 to the referring family. The discount will be split for multiple referring families.

Please take advantage of this exciting program. It is a great way to get a break on tuition while ensuring we continue to welcome new families to The Saint's community.

Sincerely,

Kelly Fernald
