Beverly, Massachusetts 01915

Covid-19 Daily Health Screening Tool

We ask that you please check temperatures every morning before coming to school. Has your child been experiencing any of the following symptoms (not related to chronic health conditions or seasonal allergies):

1. Fever (100.4 or higher), chills or shaking chills.
2. Difficulty breathing or shortness of breath.
3. New loss of taste or smell.
4. Nausea, vomiting or diarrhea.
5. Cough
6. Sore throat
7. Muscle aches or body aches

If your child has any of these symptoms: **PLEASE KEEP THEM HOME.**

If your child has any of these symptoms in combination with other symptoms: **PLEASE KEEP THEM HOME:**

8. Headache
9. Fatigue
10. Nasal congestion or runny nose.

Please consult your pediatrician for the most current and up to date guidelines regarding testing. The CDC recommends that if your child exhibits any of the 1-7 symptoms, they must get a test for active Covid-19 prior to returning to school. If they exhibit any combination of 8-10 they must get a test for active Covid-19 prior to returning to school. Please call the nurses if your child experiences any of these symptoms, or for any questions you may have.

In good health,

The Nurses ~ Sian Jones, RN & Kelly Gray, RN
